EDUCATION

Oxford Brookes University (On Exchange at Université Dauphine)

Sep 2023 – Jun 2027

Bachelor of Science in Economics, Finance, and International Business

Paris, France

- Cumulative GPA: **3.6 / 4.0** — on track for First-Class Honours
- Selected coursework: Econometrics, Financial Modelling, Investment Analysis, Corporate Finance, Macroeconomic Theory, Statistical Methods for Data Science (R)
- Expected graduation: **June 2027**; on-exchange year at Université Dauphine completed May 2026

Charterhouse Secondary School

Sep 2017 – Jul 2023

Surrey, United Kingdom

- A-levels: Maths, Economics, French
- Achieved DELF B2 Certification for French, Gold in the BPhO Intermediate Physics Challenge, Silver In The UKMT Senior Maths Challenge, Edexcel Algebra Level 3 Award
- IGCSEs: Maths, Physics, Chemistry, Biology, English Lit/Lang, French, Spanish, History, Art, Geography

WORK EXPERIENCE

Avington Park

June 2024 – Sep 2024

Guest Manager

Hampshire, United Kingdom

- Managed a large-scale operations team overseeing event logistics, client check-in, and guest support across high-profile venues. Led the reorganisation of guest check-in procedures, reducing wait times by 10%.
- Played a key role in project planning and coordination for large-scale events, demonstrating strong organisational skills and attention to detail

Jura Consulting

Sep 2021 – Present

Research Assistant

Winchester, United Kingdom

- Compiled intraday market-data summaries and produced concise research notes on global energy supply, demand, and price-action dynamics in support of the senior trading desk
- Maintained sector-watchlists and earnings-calendar trackers across international equities and commodities, flagging actionable catalysts for review
- Led the digitalisation of historic research archives, designing a tagged document-management workflow that reduced internal record-retrieval time by ~15%
- Shadowed senior analysts on portfolio reviews, gaining exposure to fundamental valuation, technical chart analysis, and macro thesis construction

Nicolas James Group

June 2023 – Aug 2023

Summer Intern — Business Operations

Southampton, United Kingdom

- Embedded across a UK property and business-services group, contributing to cross-functional project planning, internal reporting, and client communications
- Built and maintained operational tracking spreadsheets that consolidated departmental KPIs into a single weekly review dashboard for senior management
- Assisted in standardising internal documentation and compliance records, supporting an audit-readiness review across the group's service lines

LEADERSHIP

Bloomberg Global Trading Challenge 2024

Oct 2024 – Nov 2024

Team Leader — Oxford Brookes Investment Society

Bloomberg Terminal · Oxford Brookes Trading Suite

- Led a team of five competing in Bloomberg's flagship global trading competition (10,240 students · 2,453 teams · 396 universities · 46 countries) using \$1M of virtual capital deployed via the Bloomberg Terminal
- Delivered **+16.4% time-weighted return** across 24 executed trades, materially outperforming the Bloomberg World Large, Mid & Small Cap Index (WLS) benchmark over the six-week competition window
- Set the team's investment thesis — concentrated long-bias positions in US and UK equities with a tilt toward AI infrastructure names — and presented weekly research and trade-attribution reviews to the wider Investment Society
- Operated full-cycle: idea generation, fundamental and technical screening on the Bloomberg Terminal, position sizing, order execution, and post-trade attribution

SKILLS AND CERTIFICATIONS

Technical Skills: Python, R, advanced financial modelling, data analysis, Microsoft Excel, Bloomberg Terminal

Languages: Bilingual in French and English, Professional proficiency in Spanish

VOLUNTEERING AND INTERESTS

- Participated in charitable projects in aid of The NHS in 2021 with The National Citizen Service Trust
- Interests: Athletics (achieved best time in Surrey and within top 100 for UK in 2022 for hurdles), Skiing (Competitive Giant Slalom and Slalom), Football, Forex and Stock Market, AI Modelling
